## Hundredths Circles Homework

Directions:

1. Complete Equation 1. Shade in the appropriate amount on the hundredths circle.
2. Create two other equations that would have sum that is equivalent to Equation 1. The addends in your equations must include both tenths and hundredths.
A.

Equation 1: $\quad \mathbf{6 / 1 0 0 + 6 / 1 0}$

## Equation 2:

$\qquad$
Equation 3: $\qquad$

Equation 1: $2 / 10+76 / 100$

Equation 2: $\qquad$
Equation 3: $\qquad$
B.
